Our 2009 ABC National meet isn't far away and before you know it, it will be history. If you haven't already made plans to come, do it today. Whether you exhibit birds or not this is the best opportunity of the year to meet and compare notes with Ameraucana breeders from around the country. You'll see some of the best Ameraucanas displayed and maybe we can put together an "Ameraucana Central" offering birds for sale. The show club's website is: [OhioNational.org](http://OhioNational.org). Go there to request a show catalog. Of course go to [Ameraucana.org](http://Ameraucana.org) and the [ABC Forum](#) to get more information about our meet. Don't forget to bring a camera!

Kathy and I have been busy getting things ready for our local show: Grandpa Tiny's Frankenmuth Fowl Fest. I'm the show superintendent and won't exhibit at our show, mostly due to being too busy running it. I may have some birds in the sale area though. This is the only poultry show left in Michigan, other than ones that are part of fairs. We have a beautiful pavilion for the show, with 6' wide aisles (so you don't have to rub bellies to pass someone), the best raffle/silent auction (a Little Giant incubator, egg cartons from [EggCartons.com](http://EggCartons.com) and a bunch of other neat stuff), the City of Frankenmuth (one of the top tourist destinations in the state) to host us and yada, yada, yada. All the details are at [FowlFest.org](http://FowlFest.org). Grandpa Tiny's Frankenmuth Fowl Fest isn't the biggest show in the mid-west...just the best!

At our 2005 annual National meeting ABC President Mike Gilbert appointed Michael Muenks, himself and me as a committee of three to resolve the Ameraucana silver variety description contradictions. **We received input from members both thru the Bulletin and ABC Forum.** Our consensus was that the ABA description is correct by referring to SILVER PLUMAGE on pages 234 and 235 of Bantam Standard, 1988 edition. At our annual meeting in 2006 the subcommittee recommended to move to use the Silver Dutch description of the silver pullet/cockerel for the APA Standard – both bantams and large fowl. Larry Clionsky motioned to accept the Silver Dutch standard description for the APA Standard description of the Silver Ameraucana. Jerry Segler seconded the motion and the motion carried. **We worked with APA VP Sam Brush to get it done. When the next APA Standard comes out should be updated. Sam has assured us "It's in there!"**

### Features this Issue:

Page 2 – District Reports  
Page 5 – Meet Reports  
Page 9 – National Meet  
Page 10 – Club Meets

Currently, on pages 194 & 272, the APA Standard (1998) reads:  
PLUMAGE: Color same as Silver Leghorn on page 119.

On pages 194 & 272 it should read as proposed:  
PLUMAGE: Color same as Silver Dutch Bantam on page 234."

**South Central District, Paul Smith, Director**

Greetings from the South Central District! We have been plagued with the heat registering into the three digits much of the summer. Most of the Ameraucanas have grown well even though the heat. I have learned in the past that it is very important to hatch early to beat the heat, as it usually slows the little ones growth rate way down.

It's doubtful that we will make the national meet this year in Columbus, Ohio. Best I remember it's over 1,000 mile trip one way. We don't have much to show or sell as most of the earlier hatched chicks were sold at hatching. However, we are working on a deal to have some of our birds there. We have had more request for layers (one's I don't recommend for showing or breeding for show birds) this year than ever. Last year we were sold out within one month after we started selling the layers. We will start offering layer pullets the first of September this year. All our birds have been vaccinated for Mareks at hatching, Pox in July and two rounds of LT at six weeks apart. The final vaccination was August 1. Since both Pox and LT are live viruses there needs to be a waiting period of 30 days before the vaccinated birds are mixed with unvaccinated birds, so we stopped all sales from June 20 until September 1. I know some say the vaccinated & unvaccinated birds can be mixed without waiting thirty days, but I'd rather be safe than sorry. If you haven't started a vaccination program for your birds, may I suggest that you research your area for the most threatening poultry diseases and get started on a good vaccination program so that your birds will be protected against the major threats in your area. Vaccines add a little more expense to the poultry hobby, but the protection is worth it. The old saying "a pound of prevention is worth more than an ounce of cure" sure fits well with the poultry hobby as I have learned

Keep the birds doing well and hope to see you at some of the upcoming fall shows.

**Western District, Connie "Jean" Ribbeck, Director**

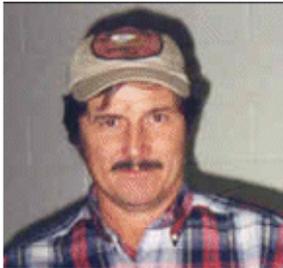

Well, spring didn't last very long in the Northwest. The summer has been extreme for this part of the US; Seattle has had record high temperatures. The weather has been very erratic, but mostly hot. Fresh water and shade are essential for your birds in this kind of weather.

I have hatched over 500 chicks so far and am about to turn off the incubators. I am pleased with what I have produced so far, with very few obvious culls this year. I just want to hatch out a few from some of the pens that weren't as prolific.

We have had poor turnouts for our meets so far in the Pacific Northwest. I haven't heard much in the way of any meets in CA at this time. So I would like to shout out to those of you out there that are thinking about going, please do, you may have a gem out there in your coop.

## Southeast District, Barbara Campbell, Director

Hello again! As I'm writing this I find it hard to believe that it's mid August and summer is coming to a close. It seems it just gets stated and it's over! I hope everyone has had a good growing season. Our hard work is about to payoff. Not much longer until our early hatch birds will be mature enough for us to determine their quality. It's always exciting to see those exceptional birds developing!

I'm looking forward to showing at our District Meet on October 24th in Frankfort, KY. I know Anthony and Randy Garner are planning to take some birds and I hope others are making plans to join us. Be sure to request your show catalog and if you need to stay over, don't wait too long to book a room.

I am pleased to announce that I've placed our 2010 National Meet with the Bluegrass Poultry Association. The meet will take place in Frankfort, KY on October 23, 2010 at Lakeview Park. Below is the proposal I received from the BPA:

*The Bluegrass Poultry Association would like to submit the following proposal to host the 2010 National Meet of the Ameraucana Breeders Club. The Club show will be held Saturday October 23, 2010 at Lakeview Park in Frankfort, KY.*

*The following package will be offered to your club if you would like for us to host the event.*

- BPA will provide trophies or plaques offered to Best and Reserve Large and Bantam Ameraucana.
- BPA will offer a \$1 rebate per Ameraucana entered up to 100 birds
- BPA will offer a meeting space for the Ameraucana Breeders Club yearly meeting.
- BPA will offer tables for club meets
- BPA will reserve a block of rooms at our preferred hotel, Best Western Parkside Inn. 2009 rates were \$66.60 per night.
- BPA will place Ameraucana breed first to be judged to allow time in the afternoon for club activities/meetings
- BPA will advertise the meet in the Poultry Press and on the club website.

*The Bluegrass Poultry Club members are dedicated to providing a good show to all exhibitors. We hope that you will consider us for hosting your National Club Meet. Please contact us if you should have any additional questions or requests. We will do our very best to accommodate you and look forward to hearing from you soon.*

Sincerely,  
Eric Engelsman

## From Under the Black Locust, Michael Muenks

I must begin by apologizing for the lateness of this issue of the bulletin. Since the last bulletin we, as a family, have experienced multiple health issues over the summer and into the fall. I also must apologize for the delays in processing orders, memberships, and meet placements. I have almost everything caught up and will be fully caught up by the end of October.

One of my hopes for this year was to finally produce some nice silver bantam Ameraucana. I crossed my half wheaten cockerel on the silver hens and had a nice hatch. A couple of really nicely shaped and colored cockerels resulted, unfortunately both have white legs and one has a single comb. Maybe it is time to start over!

Included with this bulletin is your current membership information. Membership may be renewed for 2010 at any time. The December bulletin will include a membership list.

### 2009 National Meet Update and Awards

The 2009 Ameraucana Breeders Club National Meet in Columbus, OH will be upon us in just a matter of weeks. Harold Knapp, the Northeast Director, has been working with several members in the Ohio area and is well on his way to planning a great national for all of us to attend. Entry forms may be found at [www.ohionational.org](http://www.ohionational.org) and are due October 21, 2009.

After consulting with several members in his region, Harold has decided to try a silent auction of Ameraucana to raise money for the 2010 awards. Harold is soliciting donations of quality pairs or trios of both large fowl and bantam Ameraucana for a silent auction on Saturday morning and afternoon. The results of the auction will be announced before the club meeting so that all members may attend the meeting. Hopefully the silent auction will go well and will start a tradition. If you are willing to take a turn at staffing the club table, please contact Harold.

The Ohio National has a good website where one can find information about restaurants, lodging, the show rules, and directions to the show location. Several club members have made reservations at Country Inn and Suites Columbus North.

## 2009 National Meet Update and Awards, continued

For awards, the club has \$100 from the Ohio National, along with a donation from Lori Waters, Harold Knapp, John and Anne Foley, and Michael Muenks to start with for the Open Show. Jeff and Patty Pickard have donated the awards for Junior Show. Rose Konold has donated the awards for the egg contest. If you would like to donate money or items as awards, please contact Michael Muenks.

If you would like to donate toward a special variety please let Michael know. The current donations cover about half of the cost of the awards. Checks may be made to the Ameraucana Breeders Club or may be sent to the PayPal address.

If you are mailing eggs for the egg contest please contact Harold for more information regarding shipment of the eggs for the show. The egg judging will be at 11:00 am on Saturday. The club meeting time will be announced at the club table.

The Ameraucana Breeders Club has a tradition of going out to eat as a group on Saturday evening of the National Meet. Please stop by the club table for details.
