# Ameraucana Breeders Club

## Winter Bulletin

This Bulletin is dedicated to the National, District, and other significant winners in 2015

As more and more Ameraucanas are showing up on Champion Row, let's take a look at the trendsetters of 2015!

### Welcome to All the New Members!

The New Member packets are still flying out of here to points North, South, East, and West. Say Hi to all our new members:

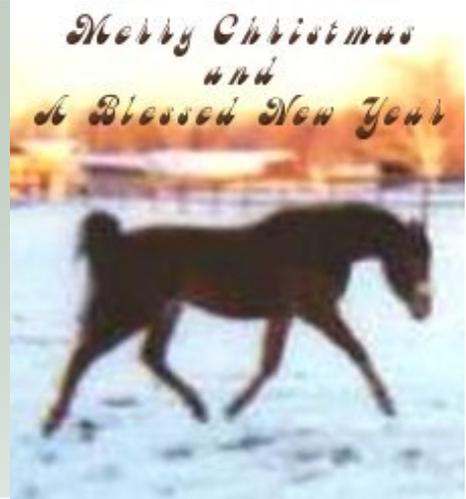

Gary Burton
Annette Carricato
Andrea Drenth
Donna Jo Dunn
Katy Fink
Clarabelle Galbraith
Larry Giberson
Dale Hensley
Brian McKinnon
Briana Moore
Shari Ness
John & Kaye Nyquist

Donna Perrin
Dan Pitts
Kayla Priddy
Blythe Reichert
Kelly Stockman
Brad Stonebarger
Justin Summers
Arwyn Taugner
Ryan Throckmorton
Daria Ussary
Jan Wells
Herman Wenzel

## President Clif Redden

Ameraucanas: A Skyrocketing Breed

Hi, everyone! It's been another great year for Ameraucanas. Nearly every time that I look at Facebook, I see another Ameraucana win. Wins are being reported all over the country. I know it's because better birds are being used for brood stock, and people are taking more pride in the Ameraucanas they have. I'm excited to say that the Ameraucana Breeders Club is also gaining in membership and advantages! Our membership has grown to 223 active members. I would also like to take this opportunity to say welcome aboard to all of our newcomers, and we appreciate everyone's continued support. I have only been able to make it to one show so far this year (Ameraucana Breeders Club National), but I was able to visit with members that have been with

the Club for many years, and members that joined at the meet. I am looking forward to Shawnee, OK, our state meet. There is always a lot of competition and good friends to share a chicken conversation with! I hope you have a great breeding season and raise some Super Show Champions! I pray that you and your family enjoy God's presence this Christmas season and from now on. Clif

*"Nearly every time that I look at Facebook, I see another Ameraucana win."*

## Susan Mouw, Secretary/ Treasurer

Hi Everyone!

I can't believe we are at the end of 2015 and staring at 2016 just around the corner! What a year! Highs and lows, it's been a roller coaster of changes!

Changes to the website, to how we do business, even to how we showcase and award our member's accomplishments. The upgrades aren't all done yet, though. Still to come—a shopping site, with things like coffee mugs, t-shirts, and other customized items that many of you have asked about.

When I first started in Ameraucanas, in 2011, you didn't see them much at the poultry shows, and you couldn't really find many folks around here that had them. Boy, has that changed! It was an Ameraucana that won Ch LF and Res. Ch LF at our recent local double show!

In this issue we'll see more of those winning birds of 2015.

## ***NE District Director, Larry Clionsky***

Well happy thanksgiving to all the members of ABC especially in the North East. As I write this I'm drooling about not one but two Turkey dinners tomorrow on turkey day. We have a dinner at my brothers at 1 and my mother-in-law's at 6:00. So, bring it on and I hope everyone gets their fill of their favorite foods on the day of family gatherings and giving thanks for all things A thru Z.

Since my last report nothing much has changed as far as the AI scare across the country. Here in PA we have not had any positives for the AI but the powers in Agriculture are ever vigilant and praying that the fall migrations do not cause any problems. Many shows that are usually scheduled this time of year are cancelled so I guess we will look forward to 2016. I did attend the Virginia poultry Breeders Assoc. Meet in Ruther Glen, VA last weekend and although I didn't show well, ABC members Tom Kernan and Camille Lewandowski faired much better. Tom won champion AOSB with a black Sumatra female and Camille won Best of Breed with the daughter of her champion black ameraucana. The pullet looks just like her mother so it's no surprise that she took the breed. The show had a total of 806 entries and the AOSB class had 58 birds with 17 Ameraucanas entered. 11 black, 2 blue, 2 lavenders, 1 wheaten and my 1 Blue Wheaten. I didn't look to see how many different people showed ameraucanas. The AOCCL class had 61 entries but only a trio were Ameraucanas and they were mine. It was a good one day show and show secretary Tom Roebuck should be proud of the results. Grand champion of the show was a white leghorn by Bill Sandoe who usually wins that accolade or reserve champ. He is very tough to beat. But, his birds are the whitest color you'll ever see.

Speaking of shows, junior member Will Kitsch and his mom are heading to Knoxville, Tenn. next week for their show on 12/4. Will usually has either an Ameraucana or Rhode Is-

land Red on champion row so we wish him luck and hope he gets up there.

In closing, I would like to mention that We should congratulate Director Paul Smith for all his and his wife and son's hard work in putting together our National Meet a few weeks ago. Although I didn't attend I understand that it was a huge success and lots of Ameraucanas were on hand for the show. Results of the show is posted on the ABC website for all who are interested. And, yours truly was bestowed the lifetime achievement award so I guess raising, breeding and showing Ameraucanas for the last 16 years did get noticed.

As I have said in other newsletters, I recall many shows that I attended way back never had Ameraucanas in them until I entered them and most Judges didn't know the first thing about them. They were popular in the Midwest but the East had never seen them until myself and Neil Townsend started showing them. Judge R. Robert Powell became one of the few judges to get out the APA standard and studied the attributes of the breed. Many have followed suit and now most judges are well aware of what Ameraucanas should look like and all of the accepted varieties and new ones pending such as the self blue (lavender), splash and chocolates. I commend all the breeders of our birds that spend years coming up with new varieties and getting the APA to approve them for exhibit. So before I say goodbye, I just want to remind all our members to call their directors and request shows so we can get them in our bulletin and keep showing Ameraucanas. Checking shows in the Northeast for the remainder of the year has come up empty so let me know when shows come up and get those birds entered.

Remember to visit our website and forum for info on all things Ameraucana. Until next time, Happy Holidays and Happy New Year. Clionsky over and out.

## ***South East District Director Don Cash***

Matthew and I did ourselves in effort as well as several others in the adjoining states. And the show staff were very helpful in so many ways. It was good to be able to put a face with names for old members as well as meet a good number of new members. This was our first double show. We'd heard so much about the pros and cons, but it really did go smoothly and it was definitely good to see how the judges placed some of the same birds in each judging. Congratulations to all of the winners for the great job of hatching, growing and conditioning all of those great birds. It was a great show and it was great to see some nice birds in several AOV classes. I tried to get Sharon to let me take her Splash pullet home. But she seemed to think she wanted to keep her. I am sure she will be in the breeding pens soon as well as so many of the birds that were in perfect condition for this show. I hope all of you can put together some great pens for this next years crop of youngsters.

Our meets in the South Eastern District were down this fall due to the restrictions in several states. Hopefully this will be cleared after the first of the year and we can go back to showing in many of our normal show locations. I am placing meets at several shows this spring with that anticipation. Keep an eye out for meet listings and I hope many of you can get out and enjoy the shows for this new year.

The SE District meet will take place in Blacksville SC, Dec 5, 2015. I hope many of you in the district and adjoining districts can come out for this show. If you can't show at least come out and spend some time talking about Ameraucanas and making plans for shows in the new year.

Please drop me a note if you have shows where you would like to place meets. It would be great if you could entice three members to come out together and make the events all that more challenging. Get those birds out there for others to see and enjoy.

I hope each of you have a great Holiday Season as well. Enjoy the season and the friends and family which you can spend time for each gathering. Most of us have so much to be Thankful for in our country. I hope you can share with special friends and celebrate the Hallmarks of the seasons. God Bless! Don Cash

## ***North Central Director Jerry DeSmidt***

Jerry has been having computer issues and was unable to submit a report for this bulletin. Maybe Santa will bring him a new computer for Christmas! :)

From the desk of...

## South Central Director Paul Smith

Greetings from the South-Central District.

Looking back from the beginning of 2015-this has to be the year that I'm going to remember as they year of destruction. It started early for us with six incubators to completely fail to hatch a chick. They were four small Styrofoam and two GQF cabinet incubators. Then we had a bobcat dine on over 30 growing chicks, before her funeral. As that, wasn't enough destruction, Matthew's red heeler pup became large enough to start killing the birds. He took out between 40 and 50, one at a time. Now he wears a muzzle during the day when the growing birds are out running. Coyotes also ate a few. Then we had a migrating hawk to feast on them for a few weeks before leaving. We even had one black cockerel drown in the sheep's water tub.

The AI situation tried to destroy our 2015 ABC National. It managed to decrease the number some, but we still had a successful

We are doing something this year that we haven't in the past 16 years. That is we are hatching or at least trying to hatch for the fall. Our first one was Sept. 1-Angela and my 20th wedding anniversary. We had 15 chicks from the 42 eggs. Normally its so hot the fertility is zero that time of year, but we had an unusual Summer, so I decided to try. Our next attempt was October 19. We had incubator problems along with fertility issues and only had a total of 10 chicks. The following incubator hatched a total of 40 chicks on November 16, which allowed us to send out two boxes of chicks-first ever in the Fall. We plan to set an incubator on Mondays after we

**"Ameraucanas are winning the top places at more shows now-than ever before! . "**

national meet! Several ABC members told me that they were unable to find a vet willing to do the AI test for less than \$45/head! Our vet charged about \$5/head plus shipping charges and \$52 for health certificate which was a very expensive total. We wouldn't have taken very many if we had to pay 9 times as much! Hopefully the AI scare is over!

On a brighter note-Ameraucanas are winning the top places at more shows now-than ever before! There has been and is a huge demand for them and the ABC membership is growing, with more request for ABC meets-than in the past! Let's support as many of the ABC meets as possible, by showing our best Ameraucanas at them. Doing this will help keep our breed and ABC strong and growing!

have saved up at least 12 dozen hatching eggs, which will yield random hatch dates. Feb. 1, 2016 we will start hatching on a two week schedule through June 6, 2016. Presently we have 40 orders for chicks-ranging from ASAP through June 6. We can supply many more for all the varieties of Ameraucanas that we raise. However the blue wheaten, wheaten, and splash wheaten are nearing their capacity for now. We don't want to over book the chicks as we desire to keep our record of all chick orders filled that didn't cancel on us.

Hope everyone was blessed with a great Thanksgiving and even better Christmas and New Year's!

## Western Director Jean Ribbeck

It looks like we are gearing up for a very cold winter here in the Northwest. Temps have already been in the teens and I have already started hauling out water. I still have late hatch birds growing out this year, so I have still a bit behind.

On November 21, 2015 we held our District meet in Chehalis, WA at the Washington Feather Fancier's Winter Brisk. The top birds are listed below and complete results can be found in the meet results page.

In large fowl there were six exhibitors showing 14 birds.  
Black- BV, BB - Reserve AOSB - Jean Ribbeck - P (out of 5)  
Blue Wheaten - BV, RB - Janelle Pruett - P (out of 5)

In the bantam class there were three exhibitors showing 11 birds.  
Black- BV, BB - Karen Carpenter - H (out of 2)  
Wheaten - BV, RB - Larry Giberson - H (out of 3)

Champion Ameraucana was Karen Carpenter's bantam black hen and Reserve Champion was the bantam wheaten hen by Larry Giberson. Pictures of the winning birds are already posted on the Ameraucana Forum. Splash birds were shown in both the LF and Bantam divisions.

The next District meet is already up and coming and will be at the PPBA Show in Modesto, CA the 30<sup>th</sup> of January, 2016. I would also like to announce the next Ameraucana National will be held in the Western District next year and we have picked the Boise Valley Fancy Feather Show in Caldwell, Idaho to host. The date is November 5 & 6, 2016. I wish you all a Merry Christmas and wish you all a great new year!

## The Gallery

We have been working hard to improve the quality, accessibility, and educational value of our Gallery on the Ameraucana.org website. Send us pictures of your best birds to:

[info@ameraucana.org](mailto:info@ameraucana.org)

Pictures must be of good size and resolution to be used in the gallery. No credit will be given as to where the pics came from or to whom the bird belongs, but you'll know it's yours. Submitted images may or may not be used. Images not used now may be used at a later date. By sending the images, you are giving [Ameraucana.org](http://Ameraucana.org) permission to post the pictures in the gallery on the website, with no credit given.
